

ARGUMENTS IN THE STONE MURDER CASE

New York, April 5.—The case of Miss Olivia M. P. Stone, graduate nurse charged with murdering Ellis G. Kinkead, Cincinnati lawyer, in Brooklyn, last August, will go to the jury tomorrow.

Both sides finished heated summations late today and Justice Aspinall told the supreme court jury in Brooklyn that he has been hearing the evidence that he would defer his charge until this morning.

Assistant District Attorney Warbasse told the jury that because Kinkead would not "stay vamped," Miss Stone killed last August.

Addressing the jurors Edward J. Kelly, defense counsel, in his summation up had charged that a political ring in

Cincinnati was out to get Miss Stone. Mr. Warbasse said:

"When Miss Stone took Kinkead to Atlantic City (where she claimed to have been wedded to him by common law in 1918), she thought he was a nice piece of fruit just ripe to pluck. She thought he was the right man to vamp and she vamped him, but he wouldn't stay vamped, and because he wouldn't stay vamped, she killed him."

Mr. Warbasse concluded an address which lasted almost three hours by calling upon the jury to convict Miss Stone to "prove that the law on murder can be enforced against women as well as men."

"Judging by the past," he said, "there is not much chance that you twelve men

will do what you swore to do when you took your places in the jury box. Judging from the past, there isn't much hope you will convict a woman. But I am hoping that God will give you strength and courage to bring a verdict of guilty, because this case is not only against Olivia Stone, she is a mere detail, but it is to test the supremacy of American law."

Mr. Warbasse dwelt at length on the testimony of Dr. Sylvester R. Laby, alienist of Brooklyn, who, after hearing a long hypothetical question declared it was his belief Miss Stone was sane when she shot Kinkead.

"No alienist has been here to say she wasn't sane," insisted Mr. Warbasse, "and no alienist has been asked her condition now. Instead the defense has spoken of an explosion in the brain."

"They have declared she suffered from transitory emotional insanity, a long name which Dr. Laby declared meant nothing to him. The only undisputed evidence which has been offered is that Miss Stone, when she shot Kinkead, was sane."

During the afternoon, Miss Stone remained, to some extent, the composure which she lost when Edward J. Kelly, her counsel, made his appeal for her in the morning session. But as the afternoon ended, she had her second fainting attack, and although quickly revived, had to be helped down stairs to the detention room.

Mrs. Kinkead, widow of the slain man, also appeared stronger in the afternoon. In the morning, under attack by Mr. Kelly, she had left the court room weeping. But she returned when Mr. Warbasse began, and sat there the rest of the afternoon. For the first time during the trial she appeared in deep mourning, wearing a heavy black veil, which she kept constantly pulled down over her face.

DOCTORS OF COUNTY TO HOLD ANNUAL MEETING

The annual meeting of the New London County Medical Association will be held at the Mohican hotel, New London this (Thursday) afternoon at 4 o'clock, followed by a dinner in the main dining hall at 7 p. m. Reports of the several officers for the 12 months past will be in order, after which general business matters will come up for discussion. There will be reports submitted by the general standing committee of the society followed by the annual election of officers for the ensuing year.

During the scientific session a paper in the subject of Methods and Results of Accurate Dietary Restriction in the Treatment of Diabetes, prepared by Dr. James W. Sherrill will be read. Dr. Sherrill is resident physician of the physicians' institute of Morrisville, N. J., assistant to Dr. Frederick W. Allen of that institution.

A general discussion of the subject matter by members of the county medical association members will then follow.

F. Gorham Brigham, M. D., of Boston, formerly associated with Edward P. Joslin, M. D., will read a scientific treatise on Methods and Results in the Treatment of Diabetes in Hospital Clinics and General Practice, which will likewise come in for discussion. While Maj. N. E. Wilmerding of the medical corps, U. S. army, will present a paper on The Functions of the

Medical Reserve corps. Voluntary papers will be read by a number of county medical authorities.

In connection with the business of the meeting the names of two New London physicians and one Norwich practitioner proposed for membership will come up for action. Dr. Carlisle Perry, president of the county medical association, will preside. The other officers of the association who have served during the past year include: Vice president, C. C. Gildersleeve, M. D., of Norwich; secretary-treasurer, A. C. Freeman, M. D., of Norwich; counselor, C. C. Gildersleeve, M. D., of Norwich; censor, C. B. Graves, M. D., of New London; E. R. Douglas, M. D., of Groton; and George Jennings, M. D., of Jewett City; state delegates, H. H. Heyer, M. D., of New London; W. H. Gray, M. D., of Mystic; and A. C. Freeman, M. D., of Norwich. Delegates to county societies: Middlesex, George E. Cheney, M. D.; New Haven, L. F. LaPierre, M. D.; Fairfield, Joseph Matthew Ganev, M. D.; Litchfield, W. K. Tinsley, M. D.; Tolland, E. O. Winship, M. D.; Windham, Daniel Sullivan, M. D.; Hartford, George Thompson, M. D.

Suit for \$5,000 Settled. The suit for \$5,000 brought by the T. A. Scott Co., of New London against the Peabody Lumber & Dock Co., for raising the tug Charles McWilliams of the McWilliams line, which sank outside Bridgeport harbor last fall has been amicably settled.

The suit has been on trial for two days in the superior court in Bridgeport before Judge John E. Keeler, who Tuesday called the lawyers into his office and suggested a compromise. No statement was given out as to the basis of settlement.

WORKMEN GET COMPENSATION FOR EMPLOYMENT INJURIES

Nine workmen's compensation agreements as follows have been approved by Commissioner J. J. Donohue:

Ponemah Mills, Taftville, employer, and Wilfred Brodeur, Taftville, employee, sprained left foot, at rate of \$7.64.

Archibald Torrance, Norwich, employer, and Tony Skate, 11 Hickory street, employee, left shoulder dislocated, possibly fractured, at rate of \$12.10.

Patrick P. Sweeney, Norwich, employer, and Charles Bouchard, 242 Franklin street, employee, three phalanges of right hand crushed, at rate of \$5.

William Spencer & Son, Inc., New London, employer, and M. Koriski, New London, employee, compound fracture of right leg just above ankle, at rate of \$7.12; and George Hill, New London, employee, fractured tibia of right foot, at rate of \$7.81.

R. J. Waitt Co., New London, employer, and John E. Maharty, New London, employee, left wrist contused and bruised, at rate of \$5.50.

City Coal Co., New London, employer, and John E. Maharty, New London, employee, three ribs fractured and internal injury, at rate of \$9.70.

Kohl Carbon Co., Norwich, employer, and Walter Brokowski, 120 High street, Norwich, employee, ring finger of right hand badly crushed, at rate of \$4.60.

E. W. Lippitt Co., Meriden, employer, and J. Paternostro, Warehouse Point, employee, small bone broken in wrist, at rate of \$18.

VANTIC CO. ANSWERED FIRE CALLS IN YEAR

Reporting on the fifteen fires to which the Vantic Engine Co. responded in the past year, Foreman Herman J. Gibbs gave the following brief statement of the work at the annual meeting of the company this week:

It would be difficult for me to give you an accurate amount of the value in property we have saved in the past year or even the loss caused by the fires we have been called to and for the reason I am unable to give this to you I will eliminate it this year. However, I think some system should be instituted this coming year whereby we would be able to give a pretty accurate account of the actual fire loss and the value in property saved by the company. Following is the list of fires and the dates:

April 3—Grass fire, ocean. Two houses and a barn were threatened. Fire was confined to the woods and grass.

April 16—Automobile belonging to Messier & Charbonneau of Hartford caught fire on Newman's Hill. Engineer Allen and First Assistant Foreman Smith were dispatched to the scene. One tank of chemical was used. No alarm was sounded for this fire.

April 23—Call was received from Chief Howard L. Stanton, of the Norwich fire department to go to Central Fire Station and cover in while the Norwich department was covering the

Thamesville paper mill fire, and we responded. While covering in on this we received telephone call to go to a fire in Greenberg's saloon on Franklin street.

We responded promptly with Chief Stanton in charge and used large tank of chemical and soon had it under control.

Sept. 24—Received call from Bert Ward, near Williams Crossing in town of Lebanon, that barn was burning and other buildings threatened. We responded, 80 gallons of chemical used. Saved silo and large shed.

Oct. 24—Brush fire, Wauweco Hill. It was reported that buildings were in danger. However, upon arrival we found no buildings in danger. We did save a cord or two of wood owned by Mr. Korn.

Nov. 6—Called to chimney fire in the house occupied by Fred Cook, and owned by Michael Shea, in the town of Franklin. This was a bad chimney fire and it took a quick response to probably saved the entire building. Two small tanks of chemical were used.

Nov. 25—Auto bakery belonging to K. & P. Bakery Co. took fire on the Otisbando road near the home of W. H. Tagge. Five gallons of chemical was used. Automobile was saved.

Dec. 22—Chimney fire in house occupied by J. W. Hanna and owned by C. B. Chapman. Two hand chemical tanks were used. Damage slight.

Jan. 22, 1922—Called to battle on account of fire in the block owned by R. J. Jodoin. Used large tank of chemical and two small tanks. Fire well under control when we arrived. Building was completely gutted and the loss was quite heavy.

Jan. 24, 1922—Called to chimney fire in house owned by Eugene Austin, in Gifford lane. Two small tanks of chemical used. Damage very slight.

Jan. 25, 1922—Called to chimney fire in house owned by John Pouchet, West Town street, Norwich town. Used two

able commission. Its shortcomings were first recognized by Congressman Penn who was one of the original members of it, and who resigned when he found it impossible to correct them.

WATERFORD POULTRY RAISERS DISCUSS METHODS OF WORK

About a dozen Waterford poultrymen gathered Monday evening at 5:30 at the home of First Selectman and Mrs. Geo. A. Forsyth on Mallory Hill, Waterford, for the monthly meeting of the Waterford Poultry club. The subject of Incubation and Care of Baby Chicks was the principal topic of the evening and came in for general discussion by those in attendance. A question and answer session brought forth some timely suggestions regarding methods that had proved successful with a number of the club members. President Herbert H. Leland of the club was in the chair.

Professor Owens of the Connecticut Agricultural college was the speaker of the evening, talking on the subject of What to Grow on the Farm. Mr. Forsyth, Professor Owens emphasized the desirability, in fact, desirability, of the farmer raising much of the grain for feeding the farm flock, mentioning among the principal foods alfalfa, mangel beets, cabbages and corn. Where there was sufficient room on the farm to permit, he advised raising a crop of all four, as important elements of poultry rations. Where it proved impracticable he suggested that if any of the four had to be purchased, it should be the corn, for a number of different reasons that were enumerated. The meeting was very successful, and much valuable information was imparted at an opportune time for poultry raisers.

OUT OF GAME COMMISSION

The retirement of John M. Crampton as superintendent of fisheries and game warden to mind the circumstances attending the enactment, at the session of 1921, of the law by which the old commission of eight was legislated out of existence and a new commission of three appointed, says the Hartford Times. It was stated that the changes would bring about the severance of Mr. Crampton's connection with the work of the commission as the new commission would be hostile to him. There was a delay in the appointment of the new commission. But when the appointment was finally made and the commission began to function it repudiated Mr. Crampton, which showed, thereby that it was not in sympathy with the hostility to his being retained. The re-appointment of Mr. Crampton was a vindication for him. That was all he wanted. He tendered his resignation as superintendent shortly after his re-appointment but it was held in abeyance for several months and was not acted upon until last week when the commission accepted it with regret, as stated by the president of the commission, Mr. Wallcutt. The system of eight commissioners—one from each county—which looked so attractive when it was first established 11 years ago, had broken down. It was too large to be a work-

ing out of game commission

County Historical Society GAINS ADDITIONAL MEMBERS

During the month of March the following people have joined the New London County Historical society as annual members: Mr. and Mrs. Ralph H. Melcher, Tauntonville; W. K. Sheffield, Mrs. Daniel Sullivan, Mr. and Mrs. James P. Sullivan, Waldo E. Clark, Hon. Thomas M. Waller, New London; Mrs. Louis P. Allen, Mystic; Mrs. Horace C. Leonard, Mrs. Mary East, Mrs. and Mrs. William P. S. Cranford, Norwich; Mrs. F. H. Meadowcroft, Guilford; Miss Rachel Larrabee, Groton; William M. Stark, Mrs. W. K. Sheffield has joined as a life member. These additions show that the membership committee has been doing efficient work.

An interesting relic has recently been presented to the society by two of its members. It is an old corset made of wood, elaborately carved. This was made by Thomas Mumford with a pen-knife while at sea, for his friend, Miss Hannah Brown in 1788. This relic has been in the family and handed down from mother to daughter, to the present time.

The souvenir committee has secured postal cards of some of the historic buildings in New London and has placed them on sale in the Shaw Mansion. One hundred illustrations of pamphlets, printed on heavy cardboard, have been given to the society by one of its members. These will also be sold as souvenirs.

Under the supervision of the house and grounds committee, two of the rooms in the superintendent's quarters have been thoroughly renovated by an application of new paint and paper. Many minor repairs have received attention.

Through the co-operation of the librarian of the public library, who is chairman of the library committee, a new Standard dictionary has been obtained for the society's library.

A friend of the society has contributed \$100 to be used as a binding fund. This, added to a small nucleus on hand for the same purpose, will help to make possible the binding of pamphlets and newspapers which have been accumulating for some time, and need attention.

Missionary From China to Speak. Mrs. Bachman returned missionary from China, will be the speaker at the Baltic M. E. church this (Thursday) evening.

SALE

AND A BIG
WEEK OF REAL
BARGAINS.

Guessing coupons
will be given to all
and if you can
guess what Curzy-
ius is and its age,
you win \$10.00 in
gold.

\$500 To Any Person Who Can Make
the "What Is It" Smile.

The Schwartz Bros. at Norwich, has a novelty stunt at the store all this week. The famous "What Is It," "Curzyius" by name, will appear in the window every day and mystify the public. It will not bat an eyelash and anybody who makes the figure SMILE gets \$500 for their ability as mirth provokers.

See Our Window.

The hours for the appearance of Curzyius is from 2 to 3 p. m. and from 5 to 6 daily and on Saturday from 4 to 5 p. m. and from 7 to 8 p. m. On Saturday at 8 p. m. Curzyius will be exposed to the public and prizes awarded.

Mystery Featured.

Curzyius has four uniforms, viz., mechanical doll, full dress, Tuxedo and an English walking suit. The men are allowed to shake hands with the mystery and the girls are allowed to kiss "Curzy" if they want to. Bert Reddy, the manager of the attraction, invites doctors to try and make Curzyius smile or blink. "Curzyius" is somewhat of a humorist itself, making the crowds go into fits of laughter with its stunts which serve to baffle all who have their eyes on the prize compensation.

Free gifts to every-
one making a pur-
chase this week,
over \$50.00.

A special lot of Table Cloths and Napkins—Odd patterns, some are "run of the mill," others slightly mused—absolutely pure linen grades—at 33 1-3 to 50 per cent. off regular prices.

Pimples and boils

—caused by errors of diet

A well-known skin specialist says that pimples are "signal flags of danger" often indicating errors in diet.

Indeed pimples are so frequently associated with faulty habits of eating and improper digestion that the first thing to do is to see that our food is right.

Fresh yeast is a wonderful corrective food for these skin disorders. Fleischmann's Yeast is rich in the elements which improve appetite and digestion and which keep the intestines clean of poisons.

Physicians and hospitals all over the country are recommending Fleischmann's fresh yeast for pimples and boils. It gets right at the basic cause of these complaints.

Eat 2 to 3 cakes of Fleischmann's fresh yeast daily before or between meals to keep your skin healthy. Beware of the "Fleischmann's Yeast" the familiar tin-foil package with the yellow label. Place a standing order with your grocer.
